Dr. O. F. Blackwelder, T. P. Hickman Elected To Lutheran Offices

By Cosper Nannes
Star Staff Correspondent
PHILADELPHIA, Oct. 9.—Washington residents were elected today to important posts of the United Lutheran Church in America at the 18th biennial convention here. The eight-day meeting will close Thursday.

Dr. Oscar F. Blackwelder of the Reformation Lutheran Church of Washington was re-elected to the Executive Board for a four-year term. Dr. Blackwelder received 402 ballots. Only 246 were required for election.

Thomas P. Hickman, a member of Dr. Blackwelder's congregation, was elected to the Executive Committee of the Laymen's Movement of Stewardship and to the Board of Missions.

Editor Re-elected.
Dr. G. Elson Ruff of Philadelphia was re-elected editor of the Lutheran official organ.

The church warned its members "against legislation which fosters

Federal control of education and which tends to handicap privately-supported schools."

Dr. Gould Wickey of Washington, secretary of the church body's Board of Education Committee, declared that if the report of President Truman's Commission on Higher Education released earlier this year was put into effect, education would be "Federalized, socialized, vocationalized and secularized."

The convention passed a motion urging the colleges to "counteract the trend of secularism so prominent in American life."

Lutheran Unity Urged.
A call for Lutheran unity was voiced today by Dr. P. O. Bersell of Minneapolis, president of the Augustana Lutheran Church and a leader in the Lutheran World Federation and the World Council of Churches.

"We are all praying for one Lutheran church in America," Dr. Bersell said. "God bless you and us in our main endeavor."

In the discussion on higher education, the Board of Education spokesman brought out the urgent need for teachers in colleges and universities.

"To care for the increased enrollments in colleges and universities in 1948-49, 66,000 teachers were needed," Dr. Wickey pointed out. "and yet the previous June the universities graduated only 8,800 doctors of philosophy and about 15,000 Masters. The present situation challenges the church to encourage its youth to enter the teaching profession."

Lutheran Seminary Sought.
The convention also directed its Board of Education to explore the possibilities of establishing an inter-Lutheran post-graduate theological seminary and to report its findings at the 1950 meeting.

The board was further directed to confer with officials of other Lutheran bodies concerning the establishment of new junior colleges on an inter-Lutheran basis. It was also asked to continue its study of junior colleges, including the future relation of Church-supported four-year colleges and public and public tax-supported junior colleges.

Lutherans will attend a mass meeting tomorrow afternoon at the Academy of Music here. Addresses will be delivered by the Rev. Karl Raudsepp, formerly pastor in a displaced persons camp at Eslingen, Germany; Dr. E. Prakasam, president of the Evangelical Lutheran Church in India; Bishop Hans Meiser of Bavaria, and Dr. Bersell.

Snyder Planning to Give 4 Non-Political Speeches

By the Associated Press
Treasury Secretary Snyder will make four non-political speeches on the Pacific Coast two weeks from now, an associate said yesterday. He will speak Friday, October 22, before the Tax Institute of the University of California at Los Angeles; October 23 before the Channel City Club at Santa Barbara; October 25 before the Town Hall at Los Angeles; and October 27 before the Commonwealth Club of California at San Francisco.

Mr. Snyder's subjects will cover economics, taxes and related topics, it was stated.

Snakes generally will swallow artificial porcelain eggs as fast as genuine ones; and since they cannot digest the artificial variety, this often proves fatal to the snake.

HOW TO SAVE DOLLARS and give your rooms modern, lasting beauty ... QUICKLY, EASILY!

Glidden's REVOLUTIONARY PAINT DISCOVERIES!

SPRED *Finishes*

- 1 SPRED-Luster** First and only top quality wall enamel of its kind; unexcelled hard, smooth, lustrous finish; goes on in half the time; sensationally odor-free; quick drying; washes like a china plate. Perfect for kitchens, bathrooms, halls. Glidden's special process lets you mix with water—save money! You get an extra quart of genuine oil-resin enamel from every gallon.
